

AGENDA

Forum on Promoting Business Engagement in the Joint Crediting Mechanism (JCM) in Vietnam towards Readiness for Vietnam's Carbon Market

Date: 22nd July 2025

Venue: Hanoi, Daewoo Hotel, Viet Nam

Organizers:

- Ministry of Agriculture and Environment, Vietnam (MAE)
- Ministry of the Environment, Japan (MOEJ)

Support:

- Paris Agreement Article 6 Implementation Center (A6IP)/Institute for Global Environmental Strategies (IGES)
- Overseas Environmental Cooperation Center (OECC)
- Energy and Environment Consultancy Joint Stock Company (VNECC)

OBJECTIVES

- To facilitate high-level discussion and share comprehensive updates on the progress of developing the legal system and essential infrastructure required for the establishment and effective operation of carbon market in Vietnam.
- To demonstrate significant achievements and future potential of the Joint Crediting Mechanism (JCM) through actual JCM projects in contributing to the decarbonization efforts and sustainable development goals globally, with a specific focus on Vietnam. This will be contextualized within the framework of Article 6, Paragraph 2 of the Paris Agreement.
- To share the recent development on JCM and future potential of JCM implementation in Vietnam, including updated information on JCM methodologies and procedures for preparing and applying the JCM projects.

High-level Business Forum on Promoting Business Engagement in the Joint Crediting Mechanism (JCM) in Vietnam towards Readiness for Vietnam's Carbon Market

This forum demonstrates high-level commitment from both Vietnam and Japan towards carbon neutrality and bilateral cooperation through the JCM and carbon market development, while providing information on JCM projects and the latest developments and future possibilities on the JCM.

Co-Chairs: H.E. Le Cong Thanh, Vice Minister, MAE

H.E. MATSUZAWA, Yutaka, Advisor to the Minister (Former Vice Minister) MOEJ

08:30–09:00	Registration
09:00–09:15	Opening Remarks <ul style="list-style-type: none"> ▪ H.E. Do Duc Duy, the Ministry of Agriculture and Environment of Viet Nam (MAE) (tbc) ▪ H.E. Mr. ITO, Naoki, Ambassador Extraordinary and Plenipotentiary of Japan to Viet Nam
09:15–09:25	Viet Nam's regulations on carbon market: cooperation for the exchange of GHG mitigation outcomes and carbon credits <ul style="list-style-type: none"> ▪ Department of Climate Change, Ministry of Agriculture and Environment, Vietnam
09:25-9:35	Establishment of the domestic carbon exchange and carbon exchange regulations in Vietnam <ul style="list-style-type: none"> ▪ Legal Department, Ministry of Finance
09:35-9:45	Current implementation status and potential of the JCM in achieving national GHG emission reduction targets and updates on the JCM Rules and Guidelines <ul style="list-style-type: none"> ▪ IINO Satoru, Director, Global Environmental Bureau, the Ministry of the Environment, Japan
09:45–10:35	Experience and potential sector in implementing carbon credit mechanism under Article 6 of the Paris Agreement Renewable energy and energy efficiency Sojitz Corporation Biomass Power Generation Mr. Yasushi Saito, Managing Director, Head of Vietnam Business Management, President, erex International Co.,Ltd.

	<p>Alternate Wet and Dry method in rice field Green Carbon Co., Ltd.</p> <p>Carbon Capture and Storage (CCS) Mr. Ayato Kato, Geophysicist, JOGMEC (Japan Organization for Metals and Energy Security)</p> <p>Vingroup</p> <p>PetroVietnam</p>
10:35-10:50	Group Photo & Coffee Break
10:50-11:30	<p>Panel Discussion “Promoting Business Engagement in the Joint Crediting Mechanism (JCM) in Vietnam towards Readiness for Vietnam’s Carbon Market” (Moderated by FUKUDA, Koji, MOEJ)</p> <p>Panelists MOEJ, MAE, Speakers from private companies</p> <p>Discussion points:</p> <ul style="list-style-type: none"> ➤ Regulatory gaps and challenges in implementing Article 6.2 of the Paris Agreement in Viet Nam; ➤ Solutions to ensure environmental integrity, transparency, and sustainable development in JCM projects; ➤ Promising investment sectors for JCM participation in Viet Nam; ➤ Viet Nam’s approach for linking the domestic carbon market with international markets

Networking Lunch

11:30–13:30

Technical Implementation Workshop on implementation of the Joint Crediting Mechanism (JCM) in Vietnam

This workshop mainly explains technical matters such as the latest information on the JCM credit issuance process and the JCM methodologies aligning Article 6 of the Paris Agreement, while introducing advanced Japanese decarbonizing technologies.

13:30–13:45	JCM credit issuance procedures and authorization under Article 6 of the Paris Agreement KOAKUTSU, Kazuhisa, Director, A6IP Center
13:45–14:15	Principles and experience in developing JCM methodologies in potential mitigation sectors (energy, agriculture, waste management, etc.)” IINO, Satoru, Director, JCM and International Carbon Market Office, Global Environmental Bureau, Ministry of the Environment, Japan
14:15–14:30	Q&A session
14:30–14:45	Coffee Break
14:45–15:30	Existing and Potential JCM projects and Carbon Market in Vietnam Experience and potential in implementing carbon credit mechanisms under Article 6 of the Paris Agreement Waste management Sector: Waste to Energy Bac Ninh Province <ul style="list-style-type: none"> ▪ JFE Engineering Co., Ltd., and Thuan Thanh Environment Onshore Wind Power Generation <ul style="list-style-type: none"> ▪ Shizen Energy Inc. Agriculture Sector: Agricultural carbon credit projects using satellite technology <ul style="list-style-type: none"> ▪ Idemitsu Kosan Co., Ltd.
15:30–15:45	Q&A session
15:45–16:30	Panel Discussion on Carbon Market Projects in Vietnam (Moderated by KOAKUTSU, Kazuhisa, A6IP Center) Panelists MOEJ, MAE, Speakers from private companies Discussion Points: <ul style="list-style-type: none"> ▪ Good practices for financing carbon market projects ▪ Best way to facilitate business and investment for carbon credits ▪ Challenges in the development of carbon projects in Vietnam
16:30–16:45	Closing Remarks
